#### The Objective and Scope of the Audit of the Financial Statements

You have requested that we audit the financial statements of Rolling Oaks Community Development District, which comprise governmental activities, each major fund and the budgetary comparison for the General Fund as of and for the year ended September 30, 2020 which collectively comprise the basic financial statements. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter for the year ending September 30, 2020 and thereafter if mutually agreed by Rolling Oaks Community Development District and Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants PL.

Our audit will be conducted with the objective of our expressing an opinion on the financial statements.

#### The Responsibilities of the Auditor

We will conduct the audit in accordance with auditing standards generally accepted in the United States of America and "Government Auditing Standards" issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with generally accepted auditing standards. Also, an audit is not designed to detect errors or fraud that are immaterial to the financial statements.

In making our risk assessments, we consider internal control relevant to Rolling Oaks Community Development District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

We will also communicate to the Board any fraud involving senior management and fraud that causes a material misstatement of the financial statements that becomes known to us during the audit, and any instances of noncompliance with laws and regulations that we become aware of during the audit.

The funds that you have told us are maintained by Rolling Oaks Community Development District and that are to be included as part of our audit are listed below:

1. General Fund

2. Debt Service Fund

# The Responsibilities of Management and Identification of the Applicable Financial Reporting Framework

Our audit will be conducted on the basis that management acknowledges and understands that it has responsibility:

- 1. For the preparation and fair presentations of the financial statements in accordance with accounting principles generally accepted in the United States of America;
- To evaluate subsequent events through the date the financial statements are issued or available to be issued, and to disclose the date through which subsequent events were evaluated in the financial statements. Management also agrees that it will not evaluate subsequent events earlier than the date of the management representation letter referred to below;
- 3. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and
- 4. To provide us with:
  - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters;
  - b. Additional information that we may request from management for the purpose of the audit; and
  - c. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

As part of our audit, we will request certain written confirmation concerning representations made to us in connection with the audit including, among other items:

- 1. That management has fulfilled its responsibilities as set out in the terms of this letter; and
- 2. That it believes the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

In addition, management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the entity involving management, employees who have significant roles in internal control, and others where the fraud could have a material effect on the financial statements. Management is also responsible for informing us of its knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, analysts, regulators, or others.

The Board is responsible for informing us of its views about the risks of fraud within the entity, and its knowledge of any fraud or suspected fraud affecting the entity.

Rolling Oaks Community Development District agrees that it will not associate us with any public or private securities offering without first obtaining our consent. This provision shall survive the termination of this arrangement for services.

#### **Records and Assistance**

If circumstances arise relating to the condition of the Rolling Oaks Community Development District's records, the availability of appropriate audit evidence, or indications of a significant risk of material misstatement of the financial statements because of error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment, prevent us from completing the audit or forming an opinion, we retain the unilateral right to take any course of action permitted by professional standards, including declining to express an opinion, issuing a report, or withdrawing from the engagement.

During the course of our engagement, we may accumulate records containing data that should be reflected in the Rolling Oaks Community Development District books and records. The District will determine that all such data, if necessary, will be so reflected. Accordingly, the District will not expect us to maintain copies of such records in our possession.

Our fee for the services described in this letter for the year ending September 30, 2020 will not exceed \$3,150 unless the scope of the engagement is changed, the assistance which Rolling Oaks Community Development District has agreed to furnish is not provided, or unexpected conditions are encountered, in which case we will discuss the situation with you before proceeding. All other provisions of this letter will survive any fee adjustment. The two annual renewals must be mutually agreed and approved by the Board of Supervisors.

In the event we are requested or authorized by Rolling Oaks Community Development District or are required by government regulation, subpoena, or other legal process to produce our documents or our personnel as witnesses with respect to our engagement for Rolling Oaks Community Development District, Rolling Oaks Community Development District will, so long as we are not a party to the proceeding in which the information is sought, reimburse us for our professional time and expenses, as well as the fees and expenses of our counsel, incurred in responding to such requests.

**RE:** 2020 Legislative Update

**DATE:** April 21, 2020

During the 2020 Florida legislative session, our firm monitored several bills that could have impacted community development districts ("**CDDs**") and we have prepared this memorandum to focus on the bills that passed in the legislature that will have the most impact on CDDs. Copies of any bill may be viewed online at the Florida legislature's website: <u>http://www.leg.state.fl.us</u>.

# A. The number of documents a CDD is required to post on its website by law has been reduced.

Senate Bill 1466 reduces what is required to be posted on CDD websites by amending Section 189.069, Florida Statutes. These changes include the following:

- 1) Each CDD now has the option to post a link to the Auditor General's website for the final audit report rather than posting the actual document on its own website, so long as the CDD sends the report to the Office of the Auditor General.
- 2) A CDD is no longer required to post a public facilities report on its website.
- 3) A CDD are no longer required to post meeting materials on its website. Agendas must still be posted on its website 7 days in advance of a publicly noticed meeting or workshop and must remain on the website for at least 1 year.

Unless vetoed by Governor DeSantis, these changes will take effect on July 1, 2020.

#### B. The percentage a CDD may retain from progress payments to contractors for certain public construction services contracts and contracts for construction of public buildings has been reduced.

House Bill 101 amends Section 218.735, Florida Statutes to reduce the percentage retained or withheld by a CDD from 10 percent to 5 percent of each progress payment for construction services contracts and contracts for construction of public buildings having a total contract amount of \$200,000 or greater.

Unless vetoed by Governor DeSantis, these changes will become effective on October 1, 2020.

# C. Public employers, contractors and subcontractors must register with and use the E-Verify system when hiring new employees and entering into certain contracts.

Senate Bill 664 requires public employers, contractors and subcontractors to register with and use the E-Verify system to verify the work authorization status of all newly hired employees in order to enter into a contract beginning on January 1, 2021. The definition of public employers includes local governments. This requirement includes those contractual relationships between contractors and subcontractors and requires subcontractors to complete an affidavit stating that the subcontractor does not employ, contract with, or subcontract with unauthorized workers.

If a public employer, contractor, or subcontractor has a good faith belief that a person or entity with which it is contracting has knowingly violated the requirement to register with and use E-Verify, it must terminate the contract with that person or entity. If a public employer has a good faith belief that the contractor followed the requirements of the E-Verify law, but the subcontractor has not done so, it must notify the contractor and order the contractor to terminate the subcontractor. Termination of contacts in this manner may be challenged within 20 calendar days. If a contractor is terminated for failure to follow the requirements of E-Verify law, it may not be awarded a public contract for at least 1 year from the date the contract was terminated and is liable for any additional costs incurred by the public employer as a result of the termination of the contract.

Unless vetoed by Governor DeSantis, this bill will become effective on July 1, 2020.

If you have questions about the above-mentioned anticipated changes to Florida law, please contact us at your convenience.
